Dear Guests with Allergies

We care tremendously about your safety. Our from-scratch kitchen includes an active bakery, nuts, wheat, and dairy products are used in a wide range of recipes. We strongly recommend individuals with severe allergies susceptible to cross-contact do not dine in the restaurant as we cannot guarantee your safety. For less severe allergies, allow our servers to recommend a dish that does not contain your allergen(s). Consuming raw or undercooked meats, poultry, seafood, shellfish or eggs may increase your risk of food-borne illness, especially with individuals with certain medical conditions.
